"I make sure to visit this place every time I come to Thomasville, which is about twice a month give or take. I absolutely love the atmosphere. It's got a long history and you feel that kind of 'energy'. The food is so good... I've only gotten their Champ burgers (all the way, with cheese), but they are perfectly delicious every time. And make sure to try their honey mustard on the Champ burger. That really what packs the flavor in. The staff are always exceptional. It keeps everything feeling fresh with the amount and type of staff they employ."

"What a gem! A terrific addition to Thomasville. Incredible menu and well done food, super friendly staff, beautiful space, and 100/100 ambiance. This restaurant is a new favorite. Everything on the menu was well prepared and presented. The cocktails were great. The music was instrumental but catchy and complimented the space well. Every detail of this experience was wonderful. Highly recommend!"

"Why did I wait so long to come here! Great location in quaint historic town. Love the decor and feel inside the restaurant and sidewalk tables. It's amazing when you walk into a place and there is a kind of buzz of people chattering, laughing, enjoying great food, drinks, and fantastic cheese.

Service was fantastic and it felt as though everyone were smiling a cheery! When can I come back?"
